News of South Richmond

COUNTY TEACHERS TO MEET

Chesterfield Pedagogues Will Visit City and Inspect School System.

Combining business with pleasure, the Chesterfield County public school teachers will visit Richmond on Friday, January 10. An elaborate program of exercises for their entertainment to be held in the auditorium of the John Marshall High School, is being arranged. The tentative program includes several addresses by prominent educators, and following a brief business session of the Chesterfield Auxiliary of the Virginia Teachers' Association, the pedagogues will be given an opportunity of witnessing the great educational machine of the capital city in full operation.

The plan of bringing the teachers to this city originated with William G. Owens, superintendent of Chesterfield schools. The idea of giving the country pedagogues the benefit of personal observation of the workings of the various departments was heartily approved by Superintendent of Education J. D. Eggleston and other officials of the State Department of Public Instruction, who regard any public meeting of teachers as an occasion of interest and education to those who are directing the growth and training of the young people who are under their care for several months in the year.

Superintendent J. A. C. Chandler, of Richmond, is also in accord with the plan of the Chesterfield officials. He has given Mr. Owens every possible assistance in making the meeting profitable as well as interesting. He has issued instructions that a luncheon be prepared for the visiting teachers by the advanced cooking class, thereby giving the visitors a practical demonstration of the aptitude of the scholars of the domestic science department.

After the luncheon the visitors will be permitted to visit the other schools of the city during the afternoon session. Each teacher will visit the school where the work is similar to his or her duties in the county school.

The teachers are delighted with the opportunity of meeting the Richmond

teachers and observing the work done in the schools here. Needless to say, their scholars are equally delighted at having a holiday in sight.

REACHES RIPE OLD AGE

Old, Enters Fifty-fifth Year of Service.

Seventy-two years old yesterday, hearty and hale, Captain James A. Lipscomb, the old war-horse of the Southside police department, and affectionately known throughout the length and breadth of the State as "Dinks" Lipscomb, is entering upon the fifty-fifth year of service to his State and native city. Four weary years, the best of his long and useful life, were spent following the services of the Confederacy. At the close of the struggle he returned home empty-handed, but with the buoyancy of youth he secured work, and in a short time was practicing his profession of civil engineer.

He entered into the public service, and when Manchester became an incorporated city he was made City Engineer. At the same time he was elevated to the position of Chief of Police, and served in the dual capacity for two score years. At the reorganization of the department, at the time of consolidation, Captain Lipscomb was made desk sergeant, a position he now fills.

Captain Lipscomb was married when twenty-one years of age. His wife is still living and will be seventy-one years of age on August 1, next. Captain and Mrs. Lipscomb will celebrate their fifty-fifth wedding anniversary tonight with a reception at their home, 1303 Maury Street.

Car Company Loses Suit.

The suit of Zack Voleski against the Virginia Railway and Power Company, which was being heard before Judge Ernest H. Wells, in Hustings Court, Part 2, terminated yesterday afternoon in a verdict in favor of the plaintiff, who was awarded damages in the sum of \$150. The usual motion to set aside the verdict was omitted.

The teachers are delighted with the opportunity of meeting the Richmond

teachers and observing the work done in the schools here. Needless to say, their scholars are equally delighted at having a holiday in sight.
